

WINTER NEWSLETTER

2020

What a year we have had so far. There has been so many changes in the world around us and these changes are still on going. We would really like to thank our educators for all their hard work and dedication during these times of such uncertainty. We would also like to thank our parents for being supportive in the changes we have had to make to keep our services as safe as possible. Lastly to all the children who are the silent little superheros who have also had their lives changed so much but have kept everyone smiling- Thank you.

Ice-Cream Counting

Draw some ice-cream cone shapes and number them. In a container have some pom poms, rocks or any other item you could use to count and stack to make an ice cream shape. To also add a fine motor concept use a pair of tongs or tweezers to place the counter onto the ice cream cone.
